

20<sup>th</sup> January 2017

Dear Parents

## Geography Projects

I have recently read through the Year 8 pupils' geography projects and given each child written feedback, which they have all received in person. They now need to make their amendments and hand in their finished projects for marking by Friday 10<sup>th</sup> February 2017 (final day of half term). Their marked project will then be sent to their prospective senior school.

Please could I ask that this deadline is adhered to closely as I have to mark and then send them off before the 5<sup>th</sup> March 2017.

The data analysis section is particularly difficult. Therefore I will be available to give pupils support on Thursday and Friday lunchtimes (from 12.45pm – 1.20pm) until the half term break.

Yours sincerely

Mr. A. Smith  
Head of Geography
