23<sup>rd</sup> June 2017

Dear Parents

It is with great pleasure that I inform you that we will shortly be visited by Dr Lewis, a senior research scientist from Great Ormond Street Hospital. She has been conducting some research on the Genome Project and has produced a video clip about its impact on our lives. One of our Year 8 pupils was selected to be the narrator of this excellent video, so we wanted to share it with our Year 7 and 8 pupils.

Dr Lewis will be visiting us on Thursday 29<sup>th</sup> June at 2pm. Her research is still ongoing and she will invite your son/daughter to complete an optional questionnaire both before and after viewing the video so she can assess its effectiveness in making the project understandable to young people. If your child chooses to take part, they will become part of this interesting research from a leading scientist.

I look forward to sharing the work of a prominent scientist with our pupils and I hope that you agree that this is a wonderful opportunity for them.

Yours sincerely

Nick Chapman.  
Head of Science
