

20th October 2017

Dear Parents

Year 3 Victorian Day

As stated in the School's calendar, on Thursday 16th November, the Year 3 pupils will be enjoying a Victorian Day. They will be spending a very exciting day in the company of History Off the Page.

To add to the excitement and authenticity of the day we are asking the pupils to come to school dressed as a Victorian. We have included some guidelines to help with the making of costumes, but this is by no means definitive. Please would you ensure that the costumes are both practical and child-friendly, as the children will enjoy their usual playtime and lunchtime routines.

The day is based around Victorian life at the time of Queen Victoria's Diamond Jubilee, providing a valuable insight into the experiences of children and the wider society in Victorian times. Throughout the day the pupils will work in supervised groups, involving several activities in a Victorian school room, with opportunities to look at genuine Victorian artefacts, including the opportunity to make some of their own.

We look forward to an educational, fun and action-packed day, which we hope will prove to be very popular with the children. Should you have any queries about the day please contact me in school.

Many thanks in advance for your help in making the costume for your child.

Yours sincerely

Daniel Avenal
Head of Years 3&4
