Dear Parents

Year 6 Science Fair

In their science lessons over the past few weeks the children in Year 6 have been working together in small groups planning and carrying out their own independent scientific enquiry. This has involved thinking of an interesting question which they would like to investigate, planning how to carry their investigation out, organising themselves and their equipment and analysing their results.

The culmination of their work is the 'Year 6 Science Fair' to be held in school on Thursday 7th June. Each group's work will be presented as a poster display and will be judged by a guest judge during the afternoon. This letter is an invitation for you to come and view the work after school that day, between 4.00pm and 6.00pm. The work will be displayed in the upstairs gallery of the Sports Hall.

The children have been working very enthusiastically on their projects and they hope you will be able to come and see their work.

Yours sincerely

Mr N Chapman
Head of Science
