

22nd March 2019

Dear Parents

F24 Club

Thank you for your responses to my previous email. These have enabled us to make decisions about proposed events for the next few months, during which we would like to offer more children the chance to drive.

Driver Testing

Some of the pupils would like an opportunity to drive the F24 car. There is no obligation to, as some are keener to run the team in the pits, and it may well be that some are not yet ready to drive on a busy racetrack with older students and faster cars.

If your child would like to drive at School on **Friday 5th April** (term finishes for pupils on Wednesday 3rd April), ***please confirm by email to mbuck@townclose.com by next Wednesday (27th March)***. Once we know numbers, we can confirm times. We will endeavour to arrange a backup if a small number who would like to drive cannot make that day. Existing drivers are welcome to attend to help their friends, but will not be prioritised for driving time.

Racing

Not enough of the team are available for the proposed trip on **Sunday 12th May** to ensure that the logistics add up. As such, we will not be taking the team to Goodwood. Apologies for any disappointment this causes.

Happily, a good response to the events at Lotus Cars on **Saturday 8th June** and Ford Motor Co on **Saturday 6th July** means we will compete at both. Further details of each will follow nearer those dates.

Yours sincerely

Matthew Buck
