Dear Parents

## Satellite Netball

I have considered your daughter for screening for the second step in the pathway to England Netball. This second step is called Satellite Netball, which is open to girls in the current Years 6, 7 and 8.

Please read through the attached information letter from England Netball. This will explain the full commitment needed and the trial dates.

It will involve a big commitment from your daughter and yourselves, so if you feel she cannot commit to this, then let me know as soon as possible and this will allow me to enter someone else, as there is a limit of five nominees.

If it is a 'yes' then please complete and email the **Norfolk Netball Screening Player Registration Form** (remember to attached a headshot photograph) directly to [ncnanetballscreening@gmail.com](mailto:ncnanetballscreening@gmail.com)

Kind regards

Jacquie Wilcox
