

26th April 2019

Dear Parents

Year 6 Boys' Puberty Talk

On Tuesday 30th April our School Doctor, Rachel Carroll, will speak to your son about growing up and puberty. This is part of the RSE (Relationship and Sex Education) syllabus. There will also be a follow up session on Friday 10th May.

First of all, Dr Carroll will be talking to the boys about the physical and emotional changes they will be or are already experiencing and, in the follow up session, there will be a question and answer activity.

We hope that pupils will benefit from this part of PSHE and we would like to reassure you that any issues will be dealt with in a sensitive and informed way.

Please contact me if you have any queries about this part of your son's education.

Yours sincerely

Mrs Shane Hale
