

17<sup>th</sup> May 2019

Dear Parents

## Year 7 Summer Experience Trip

On Friday 21<sup>st</sup> June your child will be going to Framlingham College to take part in a 'Summer Experience'. They will engage in three different activities throughout the day. In art they will be looking at photography and felt making, in geography they will take part in an escape room activity using subject based knowledge and, finally, in English they will be using the panel game Call my Bluff as a starting point for some writing.

We will travel by coach, which will leave school promptly at 8.30am. Consequently, we ask that your child is dropped off by 8.15am at the latest. The children will need to wear their normal school uniform and, if required, ensure that they bring their inhalers or auto injector pens with them. They will be given lunch at the College; rest assured we will liaise with the College about the children's dietary requirements. We will return to school a little later than normal and you will be able to pick your child up at 5.00pm.

We expect the children to have an enjoyable and challenging day being led by the students and staff of the College. However, if you have any questions about this 'Summer Experience' please do not hesitate to contact me here at school.

Yours sincerely

Stuart B. Coulthart  
Deputy Head
