

What's That Noise?

1. Make lists of the noises you do and do not like.

Noises I like	Noises I don't like

2. Name one new thing have you learned about noise?

3. Can you remember which animal makes the loudest sound?

4. Go outside and listen. List 5 sounds you were able to hear.

5. Listen to a piece of music chosen by your adult. Write down the different instruments you can hear in the music. Ask your adult to play it again and let them tell you the different instruments to see how many you were able to hear correctly.

6. Draw pictures of your favourite instruments and don't forget to label them.
