Rules

- 1) You must collect worms when you are told to do so.
- 2) You must take it in turns to roll the dice.
- 3) The person who reaches 'home' first, wins.
- 4) It could also be played so that the person with the most worms at the end wins.
- 5) If you land in the pond (when it says 'SPLASH!') you must miss a turn.
- 6) You can use counters to help you answer the card questions or try it in your head.

Biff has 5 worms, she **wins** 3 more. How many worms does Biff have now?

Biff has 10 worms, she **wins** 2 more. How many worms does Biff have now?

Chip has 7 worms, he **wins** 4 more. How many worms does Chip have now?
