Task 2:

Compare your answers in Task 1 with the answers below:

Okay to share

Ellie shares a photo of her new pet rabbit

Ellie doesn't need to ask permission from her rabbit!

Not okay to share

Megan shares a video of Ellie crying

You should never share or post a photo of someone else that could upset them.

Sam shares a photo of his brother who has just got out the bath

This should never be shared as Sam's brother might not be wearing clothes, or only wearing a towel.

It depends

Sam shares a video of himself pretending to be his pet dog

At the time Sam may think this is funny to share but in the future he may find it embarrassing. Even if Sam deletes the video, other people might have taken a copy of it or shared it on other sites.

Alfie shares a photo of his friends at his birthday party

If Alfie has asked his friends for permission and they have agreed then this is probably okay to share this in a closed group. If any details gives away personal information about Alfie or his friends, it is better not to share it.
