

WEEK 3, SEPTEMBER 17TH 2021

# HEADMASTER'S WEEKLY NEWSLETTER

Dear Parents

Success can be measured in many ways, but a key attribute that is under the control of us all is the effort and work ethic that we develop. Keeping this in mind as I walked around the School this week, it was a distinct joy to see the significant endeavour and application that was on show from great swathes of the children across all age groups, right from Nursery to Year 8.

Joining different tables and year groups at lunch allowed me to hear first-hand from the children the fun and excitement that they have been having, as well as to experience the strong set of manners and standards that they have developed.

The week started in a splendiferous and phiz-whizzing way with Roald Dahl day, seeing children across the Pre Prep and Year 3 and 4 dressing up as their favourite characters, with the highlight, the Golden Ticket search across the school.

The week finished with the children getting the first update on how the House competitions are going, with Commendations and House points up for grabs. Well done to Ranworth who currently lead the way.

I have thoroughly enjoyed the Tea and Cake events and look forward to meeting those of you with children in the Nursery and Reception this coming Monday.

I wanted to finish by saying a very large thank you from all at Town Close for the 3-D printer which has arrived and has been busy producing all manner of items. I know the children will love being able to use it.

I hope you all have a great weekend

With very best wishes
