

HEADMASTER'S WEEKLY NEWSLETTER

Dear Parents,

Today brings to an end a very busy week at school. The last few weeks of the summer term are exhilarating, wonderful and engaging in equal measure and this week was no different.

Sunday and Monday saw two teams, one Year 6 and one Year 8, competing in various events with their respective electric cars. Our Year 6 team did very well, securing a third place in the slalom event at Scottow in the Goblin class, while our Year 8 team competed at Mallory Park, winning both their races and finishing first overall, no mean feat given the high number of entrants.

Thursday saw the school host a careers fair aimed at the children in Year 7 and 8, who benefited from being able to hear first-hand what the experiences were from a variety of different jobs. Thank you to those within the parent body who supported this event, sharing with the children the wonderful roles that you all do.

While the careers fair was happening, Year 5 were in London at the Science Museum, exploring all the fascinating elements of what is a truly engaging Museum. The children were full of stories of what they had discovered and of science they had learnt.

Today saw the beginning of the various Sports days, with Nursery and Year 1 taking place on the front lawn. The children were thrilled to show to their parents and teachers their prowess across a variety of events.

This week provided us with the opportunity to thank the Prefects in Year 8 for the hard work and fine example that they have set to the other children over the course of the year by hosting them for a lunch in the green room. We also wanted to say a very big thank you to the members of the PTA for all their hard work, something we were able to do with via an afternoon tea.

Whatever the weekend brings, I hope you all have a great time and I look forward to seeing many of you next week, including at the Norfolk Show.
