

# HEADMASTER'S WEEKLY NEWSLETTER

Dear Parents

Learning is a journey that we all engage with on a daily basis in our lives, irrespective of what industry, workplace or environment we spend our days in. The discovery of new ideas, discussion of thoughts and sharing of passions brighten our days, and provide the colour and joy that help us become more rounded individuals who are able to offer more in return.

Schools provide an environment for children to learn, but just as importantly, to have fun and make memories. As I look out the window of my office and across the front lawn, I have no doubt that the Christmas Fayre of 2022 will be a day full of awe, wonder and lasting memories.

To see the woodland walk so creatively transformed into a winter wonderland, with beautifully staged lighting, reindeer and a mini polar express is an absolute joy. If the families from the local environment around Town Close, (who were able to enjoy the wonderland this morning), are anything to go by, then the children are in for a real treat when they get to experience it later today.

The school community has been hard at work creating a Christmas Fayre to remember, with children in Years 3 and 4 creating all manner of Christmas craft to sell, with all the proceeds going to the school charity, which this year is the Zoological Society of East Anglia (ZSEA).

Elsewhere the music department have been busy rehearsing various carols with Years 1+2 and 5+6, while members of Year 8 have offered their services to support Mrs Claus who has joined us for the day. In addition, the PTA has overseen Christmas decorations around the school, 30+ external vendors offering all manner of Christmas goodies and the winter wonderland, all in conjunction with the marketing department.

It is great to see the spirit that permeates the school community and binds us all together, with the Christmas Fayre a perfect way to bring to a close the penultimate week of term.

With best wishes
